Work Experience

General Maintenance Supervisor

Pennsylvania Equipment/ Talbot Leasing/ Cooper Industrial Commons - Grove City, PA
March 2013 to Present

Maintaining Cooper Commons buildings and grounds. Addressing any specific needs for incoming/ existing/ outgoing tenants regarding integrating their machinery into the pre-existing building, helping to meet their specific requirements. Unload incoming equipment/machinery and put it where it will be used or restored. Cleaning, refurbishing/restoring, and applying protectant to equipment/ machinery that comes in as needed (saws, lathes, drill presses, cnc machines, generators), for both resale and company use.. Restoration of equipment entails rewiring, repainting, reconditioning machined surfaces, to ensure proper functionality. Maintaining structural integrity of lease space, including foundation, building, roof. Regular maintenance and repair on company use equipment, including but not limited to; fork trucks, fork lifts, over head cranes (25, 50, 75, and 100 ton), man lift, scissor lift, genie lift, bobcat, lawn equipment, and vehicles.

Supervisor

Carolina Lawns Plus - New Bern, NC
1994 to Present

Lawn maintenance, both commercial and residential. Specific duties include; mowing, trimming, pruning, landscape design execution, ensuring proper drainage, irrigation, and land grading, installation of hardscapes designed uniquely to fit each customer's need/wants, fertilization, weed elimination. Certifications in pesticides, and herbicides, knowledge regarding targeting specific insect or plant that is unwanted. General maintenance on equipment limited only by manufacturers warranty.
