Education

HIGHSCHOOL DIPLOMA | 2017 | AGORA CYBER CHARTER SCHOOL

Address: King of Prussia, Pa USA

CAREER DIPLOMA | 2017 | PENNFOSTER

Address: Scranton Pa, USA

Field of Study: Diesel Mechanics

Description: Learned the different parts of the diesel engine and the different systems. The common rail system, fuel system, brake systems, air brakes, drum brakes, tires, oils, learned transmission rebuilds, and engines rebuilds. It was book work but I got most of my hands on training from teaching myself, learning from my family members, and where I used to work. I rebuilt my very first cars transmission.

MACHINING | 2018 | NEW CASTLE SCHOOL OF TRADES

Address: New Castle Pa, USA

Field of Study: Machining

Description: Learned how to read blueprints, how to read micrometers, calipers, depth micrometers, and etc. Learned how to use and run manual mills and manual lathes. I have a little bit of skills running the CNC.

Skills & Abilities

- Critical thinker
- Planning/coordinating
- Experience in tire technician
- Proficiency in lube technician
- Excellent research skills
- Detail oriented
- Mechanically inclined

Experience

ENTRY LEVEL MACHINIST | IMPERIAL CARBIDE | MARCH 4TH, 2018 – JUNE 2018

- **Run and setup CNC machines and loaded the programs.**
