

Scott Kline

Operations Manager/Production supervisor - The Quality Group / Reno Warehouse

Cochran, PA 16314

ridefree16323@yahoo.com

814-657-7467

United States Navy Veteran honorably discharged.

Fourteen years of business management experience. Responsibilities included are supervising and scheduling employees, building a cohesive work place, safety training, preventative maintenance, and disciplinary actions. Set forth daily and weekly production schedules based on customer orders and inventory levels, inventory control and pricing. Extensive hours dedicated to customer service, preparing estimates, reviewing and updating annual contracts with major window manufacturers, and negotiating rates with suppliers in the moulding and millwork and hard wood plywood industries. I am also responsible for repairing and overseeing the repairs of machinery. I also have valued experience in logistics. Prior to the listed employment below, I spent numerous years in the industrial manufacturing sector. Those years were spent in a hot rolling steel mill. Proficiency was on production shears, stock shears, straighteners, and punch presses. I was also certified in the overhead crane as well as fork lift. This also included extensive training in safety procedures as well as awareness.

Authorized to work in the US for any employer
